

Stark-Condé
Three Pines
Syrah
Jonkershoek Valley
2015

This is our smallest production wine, from an older block of just 22 rows. When we make up the blend we concentrate on the texture — one critic described it as “having the texture of crushed violets” — we know that with a few years in the bottle the aromas and flavours unfurl beautifully.

Varietal: 100% Syrah
Clone: Sh21A
Rootstock: Richter 110, 99
Fruit source: from own Oude Nektar vineyards in Jonkershoek
Yield: 4 tons/hectare
°B at harvest: 24-25°
Alcohol: 14.5%
Total Acid: 5.0
Residual sugar: 2.5
Total extract: 28.5 g/l
Age of vines: 25 years at harvest
Trellis: 5-wire vsp
Irrigation: supplemental drip irrigation
Vineyard elevation: 300-310m
Slope: South Westerly

Winemaker's notes:
The 2015 harvest is being widely hailed as one of the best in the past 20 years. It was a drought year which resulted fairly rich, concentrated and soft-tannin wines. On our Three Pines Syrah, we always focus on the texture — the mouthfeel — and the fine balance between power and elegance. It is not an “in your face” style: shows pretty floral notes and slight pepperiness. The palate is smooth and polished with a long elegant finish.

Total production: 3375 bottles

This wine is based on our “Block 6” of Syrah, our oldest Syrah vineyard. The vineyard block is contiguous with our Block 5 Cabernet Sauvignon, it is from the same bench of soil — a very finely textured decomposed granite with a fairly high proportion of clay that contributes to the good water retention.

Details of vinification and oaking:
This is a single-vineyard wine from our highest elevation Syrah vineyard, a small block contiguous to our single-vineyard Cabernet. The grapes for this wine were hand-harvested in late-February. After being cooled overnight to 14 degrees C., they were carefully hand-sorted and crushed into small open fermentation vats and allowed to cold-soak for several days. A small portion was left whole bunch and also uncrushed. Regular, vigorous punchdowns were given every 4-6 hours for the first half of fermentation, then every 6-8 hours thereafter. At dryness, the wine was basket pressed and racked directly to barrel for malo-lactic fermentation and subsequent barrel maturation. A mix of coopers was used, all French oak, all 300 litre, mostly second-fill and about 40% new. The wine was bottled unfiltered and unfiltered after 20 months barrel maturation.
